The Honorable Hakeem Jeffries
Minority Leader

Washington, D.C. 20515

Dear Congressional Leadership,

We, the undersigned 562 state legislators from 50 states and the District of Columbia are writing to urge you to oppose efforts to “defund” Planned Parenthood through the reconciliation process. Planned Parenthood is an integral and irreplaceable part of the health care system. We write in support of the millions of patients who rely on Planned Parenthood health centers. "Defunding" Planned Parenthood blocks patients from getting the care they need and increases health care costs for everyone.

Planned Parenthood provides over 2 million patients a year with essential, preventive reproductive health care, like birth control, cancer screenings, wellness exams, STI testing and treatment, and more. Planned Parenthood health centers primarily serve women, people with low incomes, Black and Latino communities, LGBTQ+ people, and others who face barriers to accessing care. The majority of Planned Parenthood patients rely on Medicaid and other federal and state programs to access care, and 64% of Planned Parenthood health centers are located in rural or medically underserved communities. Without Planned Parenthood, many patients would have nowhere to turn for care.

The consequences of “defunding” Planned Parenthood would be catastrophic, shutting down health centers and stripping millions of patients across the country of access to essential and affordable health care. No other provider would be able to fill the gap left by Planned Parenthood. “Defunding” Planned Parenthood would deny millions of people access to essential and lifesaving health care.

This is the latest in the ongoing, politically motivated attacks against Planned Parenthood and abortion providers. Like any other health care provider, Planned Parenthood health centers are reimbursed through health programs like Medicaid for the services provided to patients. Even though Medicaid funds are not used for abortion other than in rare exceptions, anti-abortion politicians are using Medicaid funding as a tool to target Planned Parenthood health centers. Blocking people who rely on Medicaid from getting care at these trusted health centers would hurt patients and weaken the health care system to further an extreme agenda.

We support the essential care that Planned Parenthood health centers provide in communities across the country, and urge you to reject any efforts to “defund” Planned Parenthood.

Sincerely,
